

A-Line HCL

A filigree strip light frames the A-Line HCL illuminated mirror. Premium LEDs and various lighting functions guarantee the utmost of well-being.

Functions and variants to meet every need

The light of the A-Line HCL illuminated mirror is steplessly dimmable. The high level of lighting comfort is enhanced by an automatic time-of-day control that is adapted to the biorhythm according to the principle of Human Centric Lighting (HCL). The light colour can also be controlled at will on the mirror or using the app – from romantic candlelight (2000 K) to bright daylight (6500 K).

With 12 options in a variety of widths up to 180 cm and in portrait formats of 90 cm and 180 cm, A-Line HCL is also ideal for entryways, dressing rooms, spa rooms and more.

The illuminated mirror with an integrated sound system

The A-Line HCL illuminated mirror also features an optional sound system in hi-fi quality. Simply connect it to your bluetooth devices and your favourite music will accompany you in rich sound while you are at home.

Colour
