

ADVANCED *Line Ultimate TW*

The new **ADVANCED *Line Ultimate* mirror cabinet indirectly illuminates the bathroom with an arc of light. Shadow-free, glare-free, natural and always with the perfect, adjustable brightness for applying make-up, shaving, hair styling and above all: feeling good.**

Key to your well-being

The **ADVANCED *Line Ultimate*** mirror cabinet illuminates the bathroom with diffuse, even light. The natural lighting creates a soft, authentic, warm and flattering reflection.

Key to a good ambience

The arc of light indirectly illuminates the bathroom, providing the ideal light for skin care routines with no annoying, harsh shadows. Rather than altering how you look, the light beautifully brings out your natural radiance.

The dimmable tunable white light feature allows you to alter the light colour according to your mood, from warm to cold and from romantically dimmed to bright daylight.

Colour

Indirect arc of light

Indirect arc of light for exceptional, glare-free illumination of the room and your face

Membrane keypad

Easy-to-control light functions via integrated membrane keypad.

Properties:

Dimmable

Mirror cabinet with adjustable light brightness.
