

## ARANGA *Line* LED

**Contemporary lighting technology with stylish simplicity. The ARANGA *Line* LED illuminated mirror brings discreet elegance to the bathroom, thanks to the narrow double strip light in the mirror surface.**

### A relaxing atmosphere

The indirect, individually switchable strip lights above and below the illuminated mirror create an atmosphere of well-being. The LEDs are available in warm white (3000 K) or neutral white (4000 K).

### A wide range of sizes

The ARANGA *Line* range includes a variety of models ranging from 50 to 180 cm wide, so your new illuminated mirror will fit your bathroom perfectly. Smart: the frame can be mounted and rotated by 180°, allowing space for switches and sockets to be included.

### Colour

White

### Light selection

Light in neutral white (4000 K) or warm white (3000 K). Indirect LED lighting above and below, which can be activated individually.

### Properties:

#### 3000 K

Pleasantly warm, white light ideal for everyday bathroom lighting.

#### 4000 K

Cool, white light ideal for brightly lighting your bathroom and face.

#### Indirect light

Glare-free light radiates upwards or downwards.

#### Swiss made

Planning, design and manufacturing takes place entirely at the Swiss factory in Flums.

#### Direct light

Direct light shines on the beholder and illuminates the face.

#### Sustainability

All mirrors are made of 100% recyclable aluminium.
