

ARANGA *Line TW*

A narrow double strip light blends seamlessly into the mirror surface. Above and below, indirect light provides atmospheric basic illumination with changeable light colour - from candlelight to bright daylight.

Atmospheric basic illumination

The narrow double strip light is seamlessly integrated into the mirror surface along the top, lending discreet elegance to ARANGA *Line TW*. Two additional bands of LED light can be switched on separately above and below the mirror cabinet. Their indirect light provides atmospheric basic illumination of the bathroom.

Light colour as you wish

ARANGA *Line TW* is a premium mirror cabinet with powerful lighting functions and features: The light can be steplessly dimmed using the integrated membrane keypad. And thanks to the Tunable White function, you can change the light colour according to your activity and preferences, from candlelight (2000 K) for a relaxed bubble bath to bright daylight (6500 K) for shaving, hair styling and applying make-up.

Colour

Light colours

Dimmable tunable white LED strip light, light colour from candlelight (2000 K) to bright daylight (6500 K).

Double strip light

The narrow double strip light, seamlessly integrated into the mirror surface, lends discreet elegance to ARANGA *Line TW*.
