

DAILY *Line Comfort LED*

Slender, elegant, simple. The DAILY *Line Comfort* illuminated mirror fits beautifully in a hallway or guest WC. Its understated, neutral simplicity makes it perfect for large blocks of rental apartments.

Pared-back quality

Despite being pared back to the essentials, DAILY *Line Comfort* 1 is manufactured to Schneider's famously reliable quality – in Switzerland, naturally.

Ideal illumination

The two narrow LED strip lights, seamlessly recessed into the top and bottom edge of the mirror, reinforce the elegant appearance and are ideal for illuminating small to medium-sized rooms.

- Exceptional value for money
- Ideal for guest WCs and blocks of rental apartments
- Available in light colours 4000 Kelvin (neutral white) or 3000 Kelvin (warm white)
- Strip light top and bottom, seamlessly integrated into the mirror

Colour

White

LED light strip

Perfect lighting of the basin thanks to light below.

Properties:

3000 K

Pleasantly warm, white light ideal for everyday bathroom lighting.

4000 K

Cool, white light ideal for brightly lighting your bathroom and face.

Indirect light

Glare-free light radiates upwards or downwards.

Swiss made

Planning, design and manufacturing takes place entirely at the Swiss factory in Flums.

Direct light

Direct light shines on the beholder and illuminates the face.

Sustainability

All mirrors are made of 100% recyclable aluminium.
