

## EASY Line Superior LED

**Two lateral luminaire columns - slightly protruding and slightly tilted - evenly illuminate your face with neutral or warm LED lighting.**

### Distinguished illumination

EASY Line Superior LED is the sophisticated cubic mirror cabinet for everyday use, for the guest bathroom – and also for small budgets. Two narrow luminaire columns on both sides, slightly protruding and bevelled, guarantee excellent, uniform illumination of your face. The mirror cabinet consists of white-lacquered, premium aluminium profiles made in Switzerland.

### Furnishings with flexibility

The luminaire columns are equipped with durable LEDs in the light colours 3000 K (warm white) or 4000 K (neutral white). The continuously adjustable glass shelves, in true Schneider fashion, allow the cabinet to be furnished with great flexibility to suit your own needs and toiletries.

### Colour

White

### Discreet

Socket at the top right.

### Side light

Two lateral luminaire columns, slightly bevelled and equipped with premium LEDs, illuminate your face evenly.

### Properties:

#### 3000 K

Pleasantly warm, white light ideal for everyday bathroom lighting.

#### 4000 K

Cool, white light ideal for brightly lighting your bathroom and face.

#### Swiss made

Planning, design and manufacturing takes place entirely at the factory in Flums.

#### Sustainability

All cabinets are made of 100% recyclable aluminium.\*

#### Continuously adjustable glass shelves

The beloved Schneider system featuring continuously adjustable glass shelves.

#### Direct light

Direct light shines on the beholder and illuminates the face.

\* 100% of our aluminium profiles are based on recycled aluminium. This has a used material content of approx. 80%.

## EASY Line Superior LED
