

GRACE *Line TW*

An illuminated mirror without visible luminaires: GRACE *Line TW* stands for exclusivity without frills and flourishes.

Ambience with a relaxing touch

The narrow strip lights in the mirror discreetly blend into the linear cabinet design. They illuminate the entire room and, at the same time, indirectly illuminate the surroundings from above and below, creating an atmosphere otherwise found only in the finest spas centres.

Coloured light without limits

GRACE *Line TW* sets no limits on individuality. With the Tunable White function, you can also change the dimmable white light depending on the desired ambience – from atmospheric candlelight (2000 K) to daylight for applying make-up (6500 K).

Colours

Anodised Black

Light colours

Dimmable tunable white LED strip light, light colour from candlelight (2000 K) to bright daylight (6500 K).

Elegance

The narrow strip light, seamlessly integrated into the mirror surface, lends discreet elegance to GRACE *Line TW*.

Properties:

Dimmable

Mirror cabinet with adjustable light brightness.

Tunable White

Adjustable light colour – from warm candlelight to cold make-up light.

Swiss made

Planning, design and manufacturing takes place entirely at the Swiss factory in Flums.

Sustainability

All cabinets are made of 100% recyclable aluminium.*

Continuously adjustable glass shelves

The beloved Schneider system featuring continuously adjustable glass shelves.

Indirect light

Glare-free light radiates upwards or downwards.

Direct light

Direct light shines on the beholder and illuminates the face.

* 100% of our aluminium profiles are based on recycled aluminium. This has a used material content of approx. 80%.

GRACE *Line TW*
