

LOW Line LED or FL

LOW Line LED/FL does without inordinate luxury. The range of mirror cabinets is appropriate for any kind of bathroom planning or design, making it ideal for residential developments and large-scale projects in line with modern rental standard.

The simple cubic form of the illumination, the brilliant double-mirror doors and the premium housing made of aluminium profiles stand for long-lasting quality and comfort in true style.

Illumination of your choice

The LOW Line LED/FL mirror cabinet is available with fluorescent lamps or LEDs (4000 kelvin).

Colour

White

Socket

Socket on the top right.

Ingenious

With a width of 60 cm, LOW Line LED/FL is also available with an open cabinet compartment.

Properties:

4000 K

Cool, white light ideal for brightly lighting your bathroom and face.

Swiss made

Planning, design and manufacturing takes place entirely at the Swiss factory in Flums.

Continuously adjustable glass shelves

The beloved Schneider system featuring continuously adjustable glass shelves.

Direct light

Direct light shines on the beholder and illuminates the face.

Sustainability

All cabinets are made of 100% recyclable aluminium.

Fluorescent tube

Intimate, slightly cool light for traditional bathroom lighting.
