

Installation frame *Universal*

The elegant solution for building and plumbing experts

The installation frame for universal use in simple, tidy flush mounting in wall systems or masonry.

Secure installation, proven Schneider quality

In keeping with Schneider's usual standards, the universal installation frame is made of recycled aluminium in proven quality. With the installation frame, our mirror cabinets can be installed simply, reliably and flexibly, whether they are flush-mounted in a GIS, Duofix or other wall system, or even in an existing niche in the masonry.

Properties:

Installation frame

INSTALLATION FRAME
universal for flush mounting

Recessed mounting

The mirror cabinet can be installed in the wall for less protrusion.

Swiss made

Planning, design and manufacturing takes place entirely at the Swiss factory in Flums.

Sustainability

All cabinets are made of 100% recyclable aluminium.*

* 100% of our aluminium profiles are based on recycled aluminium. This has a used material content of approx. 80%.

Everything in place

The perfect installation recess in any wall system.

Flexible

The installation depth of the mirror cabinet can be customised and adjusted after installation.
